ANNUAL REPORT

COMMERCE *Split*

This report may contain forward-looking statements about the Fund. Forward-looking statements include statements that are predictive in nature, that depend upon or refer to future events or conditions, or that include words such as “expects”, “anticipates”, “intends”, “plans”, “believes”, “estimates” or negative versions thereof and similar expressions. In addition, any statement that may be made concerning future performance, strategies or prospects, and possible future Fund action, is also forward-looking. Forward-looking statements are based on current expectations and projections about future events and are inherently subject to, among other things, risks, uncertainties and assumptions about the Fund and economic factors. Forward-looking statements are not guarantees of future performance, and actual events and results could differ materially from those expressed or implied in any forward-looking statements made by the Fund. Any number of important factors could contribute to any divergence between what is anticipated and what actually occurs, including, but not limited to, general economic, political and market factors, interest and foreign exchange rates, global equity and capital markets, business competition, technology change, changes in government regulations, unexpected judicial or regulatory proceedings, and catastrophic events.

The above-mentioned list of important factors is not exhaustive. You should consider these and other factors carefully before making any investment decisions and you should avoid placing undue reliance on forward-looking statements. While the Fund currently anticipates that subsequent events and developments may cause the Fund’s views to change, the Fund does not undertake to update any forward-looking statements.

ANNUAL MANAGEMENT REPORT OF FUND PERFORMANCE

NOVEMBER 30, 2024

This is the annual Management Report of Fund Performance (MRFP) for the year ended November 30, 2024. This MRFP contains financial highlights but does not contain the complete financial statements of the Fund. The annual financial statements and accompanying notes are attached to this report.

Investors may also obtain a copy of the Fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure by visiting our website at www.commercesplit.com or by writing to the Fund at Investor Relations, 200 Front Street West, Suite 2510, Toronto, Ontario M5V 3K2.

These reports are available to view and download at www.commercesplit.com or www.sedarplus.com.

INVESTMENT OBJECTIVES AND STRATEGIES

New Commerce Split Fund was formed as a result of a corporate reorganization that was approved at the special meeting of shareholders of Commerce Split Corp. on February 3, 2010 and subsequently implemented on March 26, 2010 (the reorganization date). This reorganization allowed for the creation of two distinct investment funds within Commerce Split Corp. and allowed all Priority Equity shareholders and Class A shareholders of Commerce Split Corp. to elect their choice of Fund effective March 26, 2010. Shareholders were given the option to 1) maintain the original investment characteristics in the Original Commerce Split Fund or 2) choose to have their Priority Equity and/or Class A shares reorganized into a new series of shares (the New Commerce Split Fund) that would potentially provide greater distribution and capital growth potential in the event that common shares of Canadian Imperial Bank of Commerce ("CIBC") increase over the remaining term of the Fund. The New Commerce Split Fund (the "Fund") invests primarily in common shares of CIBC and also utilizes a covered call writing strategy to supplement the dividend income earned from CIBC common shares. The Fund does not have the requirements of a Priority Equity share portfolio protection plan.

NEW COMMERCE SPLIT FUND

The following is a summary of some of the principal provisions of the Class I Preferred shares, Class II Preferred shares, and Capital shares of the Fund.

Class I Preferred shares

Each Class I Preferred share (Symbol: YCM.PR.A) pays fixed cumulative preferential monthly cash dividends in the amount of \$0.025 per Class I Preferred share to yield 6.00% per annum on the Class I Preferred share repayment amount of \$5.00; and has a repayment objective on or about the termination date on December 1, 2029 (subject to further 5 year extensions thereafter), to pay the holders of the Class I Preferred shares \$5.00 per Class I Preferred share.

Class II Preferred shares

Each Class II Preferred share (Symbol: YCM.PR.B) pays fixed cumulative preferential monthly cash dividends in the amount of \$0.03125 per Class II Preferred share to yield 7.50% per annum on the Class II Preferred share repayment amount of \$5.00, when the net asset value per unit exceeds \$10.00; and has a repayment objective on or about December 1, 2029 (subject to further 5 year extensions thereafter), to pay the holders of the Class II Preferred shares \$5.00 per Class II Preferred share.

Capital shares

Capital shares (Symbol: YCM) will participate in any net asset value growth over \$10.00 per unit and dividends will be reinstated when the net asset value per unit exceeds \$15.00. The dividend rate on the Capital shares will be set by the Board of Directors of the Fund at its discretion, based on market conditions. No dividend payments will be made on the Capital shares unless all dividends on the Class I Preferred shares and, if applicable, Class II Preferred shares have been declared and paid.

RISK

The risks of investing in the Fund remain as discussed in the Annual Information Form dated February 24, 2025. In addition, note 5 of the financial statements (“Management of Risk of Financial Instruments”) contains disclosure on specific types of risks related to the financial investments held by the Fund.

RESULTS OF OPERATIONS

North American equity markets experienced robust gains over the year ended November 30, 2024, driven by a confluence of factors including moderating inflation, a shift in monetary policy by central banks, and a significant post-U.S. election rally. In Canada, initial gains were supported in part by higher commodity prices and easing inflation. This decline in inflation fostered expectations of imminent interest rate cuts, initially boosting market sentiment. However, the Bank of Canada maintained its policy rate unchanged through the first half of 2024, awaiting further confirmation of sustained lower inflation. During this time, the Canadian economy showed signs of moderation, with rising unemployment and slowing wage growth.

Starting in June 2024, the Bank of Canada began cutting its policy interest rate, reducing it four times from 5.00% to 3.75% by November 2024. This shift in monetary policy was designed to stimulate economic activity as Canada’s economy showed signs of trending towards a recession in the latter half of the year, with weak consumer and business sentiment, a sluggish labour market, a cooling housing market, and slower GDP growth. The rate cuts helped support Canadian equity markets by lowering borrowing costs for both businesses and consumers, signaling the central bank’s responsiveness to slowing economic conditions. However, despite these rate reductions, key economic indicators continued to reflect a moderating economy.

In November 2024, U.S. equity markets rallied to record highs following the U.S. election results. This surge was attributed to both the swift confirmation of the election outcome and the market's positive reaction to the incoming administration's proposed economic agenda, which emphasized pro-growth measures, tax cuts, a more market-driven economy, and reduced federal government spending. This positive sentiment in the U.S. had a positive spillover effect on Canadian equities, further contributing to their gains.

The market price of CIBC appreciated by 62.0% during the year ended November 30, 2024.

The net assets per unit (consisting of one Class I Preferred share, one Class II Preferred share and one Capital share) of the Fund was \$15.31 as at November 30, 2024, after the payment of \$0.73 in combined distributions to both classes of Preferred shares and Capital shares. A combined total of \$9.01 has been paid in distributions to Preferred shares and Capital shares since inception.

As at November 30, 2024, net assets of the Fund were \$13.7 million.

The dividend income from the common shares of CIBC is supplemented by income received from a selective covered call writing program.

Capital shares – Distributions

Capital shareholders are entitled to receive monthly cash dividends targeted to be \$0.05 per Capital share to yield 6% per annum on the original issue price. The net asset value per unit must be greater than \$15.00 in order to declare monthly dividends. Total distributions during the year amounted to \$0.05 per Capital share.

Class I Preferred shares

Total distributions during the year amounted to \$0.30 per Class I Preferred share, consisting of 12 regular monthly distributions at the monthly rate of \$0.025.

Class II Preferred shares

Total distributions during the year amounted to \$0.3750 per Class II Preferred share, consisting of 12 regular monthly distributions at the monthly rate of \$0.03125. The net asset value per unit must remain above the required \$10.00 per unit threshold for monthly distributions to be declared.

RECENT DEVELOPMENTS

In February 2025, the U.S. announced trade tariffs on certain Canadian exports, prompting retaliatory tariffs from Canada on specific U.S. goods. Although these trade tariffs have been temporarily suspended, the Fund's investment portfolio may experience volatility as trade negotiations progress.

During the year, the Fund extended its term for a further five year term from December 1, 2024 to December 1, 2029. Pursuant to the special retraction right in connection with the extension of the termination date of the Fund, the Fund redeemed 61,250 Class I Preferred shares, 8,900 Class II Preferred shares and 78,200 Capital shares and made retraction payments of \$306,250, \$44,500 and \$415,242, respectively, to each class of shares on December 16, 2024.

RELATED PARTY TRANSACTIONS

Quadravest Capital Management Inc. ("Quadravest") as investment manager and manager earns fees from the Fund as described below in the Management Fees section.

FINANCIAL HIGHLIGHTS

The following tables show selected financial information about the Fund and are intended to help you understand the Fund's financial performance for the past five years. This information is derived from the Fund's audited annual financial statements. The information in the following table is presented in accordance with National Instrument ("NI") 81-106 and, as a result, does not act as a continuity of opening and closing net assets per unit.

- (1) Net assets per unit is the difference between the aggregate amount of the Fund's assets and the aggregate amount of its liabilities, excluding Preferred shares and net assets attributable to holders of redeemable Capital shares, at the valuation date, divided by the number of units then outstanding.
- (2) Total increase (decrease) from operations is before the payment of Preferred and Capital share distributions and is calculated based on the weighted average number of units outstanding during the year.
- (3) Distributions on the Preferred shares and Capital shares are based on the number of Preferred shares and Capital shares outstanding on the record date for each distribution and were paid in cash. Characterization of distributions is based on the tax treatment that is received by investors.
- (4) The net assets per unit, beginning of the year is based on net assets per Capital share of \$1.49 prior to giving effect to the consolidation of the Capital shares on a 0.578956069 for 1 basis in December 2019. The net assets per Capital share at the beginning of the year, after giving effect to the subsequent consolidation, was \$2.57.

(1) This information is provided as at November 30.

(2) A separate base management expense ratio per unit has been presented to reflect the ongoing operating expenses of the Fund. The base management expense ratio per unit is based on total expenses for the stated year, excluding commissions and other portfolio transaction costs, distributions on Preferred shares and any one time offering expenses and is expressed as an annualized percentage of the average net asset value of the Fund during the year.

(3) Management expense ratio per Capital share is based on the requirements of NI 81-106. This Instrument requires that all split share companies produce an expense ratio which allocates all ongoing operating expenses of the Fund (excluding commissions and other portfolio transaction costs), all distributions on Preferred shares and all issuance costs to the Capital shares and expresses this as an annualized percentage of the average net asset value attributable to the Capital shares during the year. The management expense ratio per Capital share should not be interpreted as the required return necessary for the Fund or the Capital shares to cover the operating expenses of the Fund. This calculation is based only on a portion of the Fund's assets whereas the Fund utilizes its entire assets to generate investment returns. Management believes that the base management expense ratio per unit disclosed in the table above is the most representative ratio in assessing the ongoing efficiency of the administration of the Fund, making comparisons to the expense ratios of single unit mutual funds or determining the minimum investment returns necessary by the Fund to achieve growth in net asset value per unit.

(4) The Fund's portfolio turnover rate indicates how actively Quadravest manages the portfolio investments. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the year. The Fund employs a covered call writing strategy which can cause the portfolio turnover rate to be higher than conventional mutual funds. The higher the Fund's portfolio turnover rate in a year, the greater the trading costs payable by the Fund in the year and the greater chance of an investor receiving taxable capital gains in the year. There is not necessarily a relationship between a high turnover rate and the performance of the Fund.

(5) The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of the average net asset value of the Fund during the year.

MANAGEMENT FEES

Pursuant to the terms of the investment management agreement, Quadrainvest is entitled to a base management fee payable in arrears at an annual rate equal to 0.45% of the net asset value of the Fund, which includes the outstanding Class I and Class II Preferred shares, calculated as at each month-end valuation date.

Pursuant to the management agreement, Quadrainvest is entitled to an administration fee payable monthly in arrears at an annual rate equal to 0.1% of the net asset value of the Fund, which includes the outstanding Class I and Class II Preferred shares, calculated as at each month-end valuation date.

The base management fee was used by Quadrainvest to provide investment analysis, make investment decisions, and make brokerage arrangements for the purchase and sale of securities including the covered call writing program. The administration fee was used to provide or arrange administrative services required by the Fund which includes all operational services, financial accounting, shareholder reporting and regulatory reporting.

PAST PERFORMANCE

Year-by-Year Returns

The past performance of 1) the net asset value per unit; 2) the Class I Preferred share on a net asset value basis; 3) the Class II Preferred share on a net asset value basis; and 4) the Capital share on a net asset value basis for each of the last 10 years are presented in the bar charts below. Each bar in the chart reflects the change in percentage terms of how a unit, a Class I Preferred share, a Class II Preferred share or a Capital share would have increased or decreased during the applicable year. In respect to the charts displayed below, please note the following:

- The performance information shown assumes that all cash distributions made by the Fund during the years shown were reinvested in the applicable securities of the Fund;
- The performance information does not take into account sales, redemption, distribution or other optional charges that would have reduced returns or performance; and
- Past performance of the Fund does not necessarily indicate how it will perform in the future.

- The returns per unit and per Capital share for the year ended November 30, 2020 reflect the consolidation of Capital shares in December 2019.

ANNUAL COMPOUND PERFORMANCE

The following table shows the Fund's annual compound return for the one, three, five and ten years ended November 30, 2024 and since the reorganization date:

	One year	Three years	Five years	Ten years	Since reorganization (March 26, 2010)
New Commerce Split Fund - Unit	51.34%	8.43%	10.50%	7.26%	7.95%
New Commerce Split Fund - Class I Preferred Share	6.17%	6.17%	6.17%	6.17%	6.70%
New Commerce Split Fund - Class II Preferred Share	7.76%	7.54%	7.23%	7.43%	5.35%
New Commerce Split Fund - Capital Share	665.71%	8.56%	17.69%	2.61%	N/A ⁽¹⁾

S&P TSX Financial Index	42.58%	13.20%	13.06%	10.82%	11.14%
-------------------------	--------	--------	--------	--------	--------

- (1) The annual compound return since the reorganization date of March 26, 2010 cannot be calculated as the net asset value per Capital share was nil on March 26, 2010.
- (2) As a result of the Fund being limited to a specific universe of stocks and that a covered call writing program is implemented to generate additional income, the investment profile of the Fund is quite unique and any comparisons with any other market indices may not be appropriate.

**NEW COMMERCE SPLIT FUND
MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING**

The financial statements of New Commerce Split Fund ("the Fund") have been prepared by Quadravest Capital Management Inc. (the "Manager" of Commerce Split Corp.) and approved by the Board of Directors of Commerce Split Corp. The Manager is responsible for the information and representations contained in these financial statements and the other sections of the annual report. The Manager maintains appropriate procedures to ensure that relevant and reliable financial information is produced. The financial statements have been prepared in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board ("IFRS Accounting Standards"). The material accounting policy information applicable to the Fund is described in note 3 to the financial statements.

The Board of Directors is responsible for ensuring that management fulfills its responsibilities for financial reporting and has reviewed and approved these financial statements.

The Manager with the approval of the Board of Directors has appointed PricewaterhouseCoopers LLP as the external auditor of the Fund. They have audited the financial statements of the Fund in accordance with Canadian generally accepted auditing standards to enable them to express to shareholders their opinion on the financial statements. The auditor has full and unrestricted access to the Audit Committee to discuss its findings.

Independent auditor's report

To the Shareholders of New Commerce Split Fund (the Fund)

Our opinion

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as at November 30, 2024 and 2023, and its financial performance and its cash flows for the years then ended in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board (IFRS Accounting Standards).

What we have audited

The Fund's financial statements comprise:

- the statements of financial position as at November 30, 2024 and 2023;
- the statements of comprehensive income/(loss) for the years then ended;
- the statements of changes in net assets attributable to holders of redeemable Capital shares for the years then ended;
- the statements of cash flow for the years then ended; and
- the notes to the financial statements, comprising material accounting policy information and other explanatory information.

Basis for opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Fund in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada. We have fulfilled our other ethical responsibilities in accordance with these requirements.

Other information

Management is responsible for the other information. The other information comprises the Annual Management Report of Fund Performance and the information, other than the financial statements and our auditor's report thereon, included in the annual report.

PwC refers to PricewaterhouseCoopers LLP, an Ontario limited liability partnership.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Fund's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

The engagement partner on the audit resulting in this independent auditor's report is Christina Fox.

NEW COMMERCE SPLIT FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED NOVEMBER 30, 2024 AND 2023

1. Incorporation

New Commerce Split Fund (the “Fund”) was formed as a result of the reorganization of Commerce Split Corp. (the “Company”). On March 26, 2010, the effective reorganization date, the assets of Commerce Split Corp. were divided pro rata into two separate investment portfolios to be known as the “Original Commerce Split Fund” and the “New Commerce Split Fund” in accordance with the reorganization plan contained in the Management Information Circular dated December 23, 2009. The Original Commerce Split Fund was subsequently terminated on October 31, 2013. The division of the assets was based on the elections made by both Priority Equity shareholders and Class A shareholders immediately prior to the reorganization. The Fund invests primarily in common shares of Canadian Imperial Bank of Commerce (“CIBC”) and has also implemented a covered call writing program to supplement the dividend income earned from CIBC common shares. The manager and the investment manager of the Fund is Quadravest Capital Management Inc. (“Quadravest” or “Manager”). The Fund’s principal office is located at 200 Front Street West, Suite 2510, Toronto, Ontario M5V 3K2.

In connection with the extension of the Fund’s term for a further five year period from December 1, 2024 to December 1, 2029, a special retraction right was offered allowing shareholders to tender one or all classes of shares and receive a retraction price based on the November 29, 2024 net asset value per unit of \$15.31 (\$5 per Class I Preferred share, \$5 per Class II Preferred share and \$5.31 per Capital share). The Fund redeemed 61,250 Class I Preferred shares, 8,900 Class II Preferred shares and 78,200 Capital shares on December 16, 2024, pursuant to the special retraction right. As at November 30, 2024, Class I Preferred shares, Class II Preferred shares and net assets attributable to holders of redeemable Capital shares amounts on the statements of financial position include subsequent retraction payment amounts of \$306,250, \$44,500 and \$415,242, respectively.

The termination date may be extended thereafter at the Fund’s discretion for additional terms of five years each. Shareholders will be provided with a special retraction right in connection with any such extension.

2. Basis of presentation

These financial statements have been prepared in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board (“IFRS Accounting Standards”). These financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities (including derivative financial instruments) at fair value through profit or loss (“FVTPL”).

These financial statements were approved by the Board of Directors of the Fund on February 20, 2025.

3. Material accounting policy information

The following is a summary of material accounting policy information applicable to the Fund.

Investments and financial instruments

The Fund classifies its investments, including derivatives, based on both the Fund’s business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Fund is primarily focused on fair value information and uses that information to assess the assets’ performance and to make decisions. The Fund has not taken the option to irrevocably designate any equity securities as fair value in other comprehensive income (“FVOCI”). Consequently, all investments, including derivatives are measured at fair value through profit or loss.

NEW COMMERCE SPLIT FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED NOVEMBER 30, 2024 AND 2023

The Fund's obligations for net assets attributable to holders of redeemable Capital shares are presented at the annual redemption amount. All other financial assets and liabilities are recognized initially at fair value and subsequently measured at amortized cost, which approximates fair value.

The Fund recognizes regular purchases and sales of financial instruments on the trade date, which is the date on which it commits to purchase or sell the instrument. Transaction costs, such as brokerage commissions, related to financial assets and financial liabilities at FVTPL are expensed as incurred and transaction costs related to financial instruments not at FVTPL are included in the carrying amounts thereof. A financial asset is derecognized when the rights to receive cash flows from the investment have expired or have been transferred and when the Fund has transferred substantially all the risks and rewards of ownership of the asset. Dividends are recognized as income on the ex-dividend date. Realized gains and losses and unrealized appreciation and depreciation are determined on an average cost basis. The cost of investments is determined using the average cost method.

Written option premiums received by the Fund are, so long as the options are outstanding, reflected as a liability, in the Statements of Financial Position and are valued at an amount equal to the current market value of an option that would have the effect of closing the position. Gains or losses realized upon expiration or exercise of the option are included in net realized gain (loss) on investments and derivatives in the Statements of Comprehensive Income/(Loss).

The Class I and Class II Preferred shares rank prior to the Capital shares and are thus not subordinate to all other classes of puttable instruments and therefore, the shares have been classified as financial liabilities. These shares are carried at amortized cost. Amortization of premiums or discounts on the issuance of Preferred shares is included in the Statements of Comprehensive Income/(Loss).

The Capital shares may be retracted monthly, annually, or on the termination date of the Fund. As a result, the shares contain multiple contractual obligations, and therefore, have been presented as financial liabilities.

The net asset value of the Fund is determined in accordance with requirements of law, including National Instrument 81-106, Investment Fund Continuous Disclosure, and is used to process shareholder transactions. For financial reporting purposes under IFRS Accounting Standards, net assets of the Fund is determined as the difference between the aggregate amount of the Fund's assets and the aggregate amount of its liabilities, excluding Class I Preferred shares, Class II Preferred shares and net assets attributable to holders of redeemable Capital shares ("Net Assets of the Fund").

Valuation of investments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of financial assets and liabilities traded in active markets (such as publicly traded shares and options) are based on the last traded prices at the close of trading on the reporting date. The Fund uses the last traded market price for both financial assets and financial liabilities where the last traded price falls within that day's bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, Quadrevest determines the point within the bid-ask spread that is most representative of fair value based on the specific facts and circumstances. The Fund's policy is to recognize transfers into and out of the fair value hierarchy levels as of the date of the event or change in circumstances giving rise to the transfer.

NEW COMMERCE SPLIT FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED NOVEMBER 30, 2024 AND 2023

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. The Fund uses a variety of methods and makes assumptions that are based on market conditions existing at each reporting date. Valuation techniques include the use of comparable recent arm's length transactions, reference to other instruments that are substantially the same, discounted cash flow analysis, option pricing models and others commonly used by market participants and which make the maximum use of observable inputs. Refer to note 5 for further information about the Fund's fair value measurements.

Cash

Cash is comprised of demand deposits with a financial institution.

Translation of foreign currencies

The Fund's functional and presentation currency is Canadian dollars. The fair value of investments and other assets and liabilities in foreign currencies are translated into the Fund's functional currency at the rates of exchange prevailing at each measurement date. Purchases and sales of investments, income and expenses are translated at the rates of exchange prevailing on the respective dates of such transactions.

Management fees and administration fees

Management fees and administration fees are accrued by the Fund over time, as services are rendered by Quadravest. Refer to note 7 for further information about the calculation of management and administration fees of the Fund.

Increase (decrease) in net assets attributable to holders per redeemable Capital share

Increase (decrease) in net assets attributable to holders per redeemable Capital share is based on the increase or decrease in net assets attributable to holders of redeemable Capital shares divided by the weighted average number of such shares outstanding during the year. Refer to note 8 for the calculation.

Taxation

Commerce Split Corp. qualifies as a mutual fund corporation under the Income Tax Act (Canada) (the "Tax Act") and it is subject to income tax in each taxation year on the amount of its net income for the taxation year, including net realized taxable capital gains, if any, at the rate applicable to mutual fund corporations. The general income tax rules associated with a public corporation also apply to a mutual fund corporation with the exception that taxes payable on net realized capital gains are refundable on a formula basis when its shares are redeemed or when it pays capital gains dividends out of its capital gains dividend account to its shareholders.

Interest and foreign income are taxed at normal corporate rates applicable to mutual fund corporations and can be reduced by permitted deductions for tax purposes.

All of the Fund's expenses including management fees, administration fees and operating expenses will be taken into account in determining its overall tax liability.

As a mutual fund corporation, taxable dividends received from taxable Canadian corporations are subject to a Part IV tax of 38 1/3%. Such taxes are fully refundable upon payment of

NEW COMMERCE SPLIT FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED NOVEMBER 30, 2024 AND 2023

taxable dividends to its shareholders on a basis of \$1.15 for every \$3 of dividends paid. Any such tax paid is reported as an amount receivable until recovered through the payment to shareholders of dividends out of net investment income. All tax on net taxable realized capital gains is refundable when the gains are distributed to shareholders as capital gains dividends or through redemption of shares at the request of shareholders, while the Fund qualifies as a mutual fund corporation. As a result of the capital gains refund mechanism and Part IV tax refunds, the Fund recovers any Canadian income taxes paid in respect of its capital gains and taxable Canadian dividends. As a result, the Fund has determined that it is in substance not taxable. Consequently, the tax benefit of capital and non-capital losses and other temporary differences have not been reflected in the Statements of Financial Position as deferred income tax assets or liabilities.

The Fund has estimated accumulated non capital losses for tax purposes as at November 30, 2024 of \$8,100,597 (November 30, 2023-\$8,031,111) that are available to lower taxable income in future years if required and expire after the scheduled termination date of the Fund. The Fund also has estimated accumulated capital losses for tax purposes of \$75,640,575 (November 30, 2023-\$75,640,575) which may be used to lower future capital gains if required and which do not expire.

4. Critical Accounting Estimates and Judgments

The preparation of these financial statements include estimates and assumptions by management based on past experiences, present conditions and expectations of future events. Where estimates were made, the reported amounts for assets, liabilities, income and expenses may differ from the amounts that would otherwise be reflected if the ultimate outcome of all uncertainties and future events were known at the time these financial statements were prepared. The Fund's most significant estimates involve the measurement of investments and derivatives at fair value as described in note 5.

5. Management of Risk of Financial Instruments

The Fund classifies fair value measurements within a hierarchy which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and lowest priority to unobservable inputs. The three levels of the fair value hierarchy are:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can assess at the measurement date;

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3 - Inputs that are unobservable for the asset or liability.

The following table illustrates the classification of the Fund's financial instruments within the fair value hierarchy as at November 30, 2024 and November 30, 2023:

Financial assets and liabilities at fair value as at November 30, 2023

	Level 1	Level 2	Level 3	Total

	Financial assets and liabilities at fair value as at November 30, 2023			
	Level 1	Level 2	Level 3	Total
Equities	\$8,984,527	-	-	\$8,984,527
Options	(\$55,275)	-	-	(\$55,275)
	<u>\$8,929,252</u>	<u>-</u>	<u>-</u>	<u>\$8,929,252</u>

All fair value measurements above are recurring and fair values are classified as Level 1 when the related security or derivative is actively traded and a quoted price is available. There were no transfers or reclassifications between levels the years ended November 30, 2024 and 2023.

The Fund's investment activities expose it to a variety of financial risks: market risk (including price risk, interest rate risk and currency risk), credit risk and liquidity risk.

Any sensitivity analysis presented below may differ from actual results and the difference could be material.

Market Price Risk

All securities investments present a risk of loss of capital.

The market price risk is affected by three main components: price risk, interest rate risk and foreign currency movements.

Price risk

Other price risk is the risk that the value of financial instruments will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk).

The supplemental covered call writing program generates an additional stream of income to the portfolio which may also help mitigate against market price declines during years in which a covered call option is written against a position in CIBC.

The Fund is exposed to other price risk from its investment in equity securities and written options. As at November 30, 2024, had the prices on the respective stock exchanges for these equity securities increased by 10%, with all other variables held constant, Net Assets of the Fund would have increased by approximately \$1,011,000 (November 30, 2023-\$729,000). Similarly, had the prices on the respective stock exchanges for these equity securities decreased by 10%, with all other variables held constant, Net Assets of the Fund would have decreased by approximately \$1,123,000 (November 30, 2023-\$868,000).

Interest rate risk

Interest rate risk is the risk that the fair value of interest bearing financial instruments will fluctuate due to changes in market interest rates. The majority of the Fund's financial assets and liabilities are non interest bearing. As a result, the Fund is not subject to significant amounts of risk due to fluctuations in the prevailing levels of market interest rates and considers interest rate risk insignificant as at November 30, 2024 and 2023.

Currency risk

Currency risk is the risk that financial instruments that are denominated in a currency other than the Canadian dollar, which is the Fund's reporting currency, will fluctuate due to changes in exchange rates. All portfolio holdings and Net Assets of the Fund are denominated in Canadian dollars and therefore there is no currency risk as at November 30, 2024 and 2023.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED NOVEMBER 30, 2024 AND 2023

Other risks

Credit risk

Credit risk is the risk that a counterparty will be unable to pay amounts in full when due. All of the Fund's transactions are in listed securities and options and are settled and paid for using approved brokers. The risk of default is considered minimal as delivery of securities sold is only made once the broker has received payment. Payment is made on purchase once the securities have been received by the broker. Cash is held with a reputable and regulated financial institution. As at November 30, 2024 and 2023, the Fund did not have significant credit risk exposure.

Liquidity risk

Liquidity risk is the risk that the Fund may not be able to settle or meet its obligations on time or at a reasonable price. The Fund is exposed to liquidity risk primarily through its monthly and annual retractions of Capital shares, Class I Preferred shares and Class II Preferred shares. The Fund receives adequate notice for all retraction requests. The Fund's portfolio is invested in CIBC common shares which is a highly liquid large capitalization stock that trades on the TSX. All Capital shares, Class I Preferred shares and Class II Preferred shares outstanding are redeemable on a monthly and annual basis but are scheduled to be redeemed upon termination of the Fund. As at November 30, 2024 and 2023, all other financial liabilities are payable within three months from the end of the year.

Concentration risk

The Fund's only equity holding is concentrated in the common shares of CIBC common shares and as such will be exposed to the specific factors that affect this stock.

The Fund's investment portfolio is concentrated in the following segments as at:

	November 30, 2024	November 30, 2023
CIBC common shares	83.0%	93.7%
Call options written	-0.2%	-0.6%
Other assets less liabilities (excluding Class I and Class II Preferred shares)	17.2%	6.9%

Class I Preferred shares are entitled to fixed cumulative monthly dividends of \$0.025 per share. Class II Preferred shares are entitled to monthly dividends of \$0.03125 per share when the net asset value per unit exceeds \$10.00. All Preferred shares outstanding on the termination date will be redeemed by the Fund on that date. Class I Preferred shares have a repayment objective of \$5.00 and rank in priority to the Class II Preferred shares and Capital shares upon the winding up of the Fund. Class II Preferred shares have a repayment objective of \$5.00 and rank behind the Class I Preferred shares but ahead of the Capital shares. Class I and Class II Preferred shares trade under the symbols "YCM.PR.A" and "YCM.PR.B" respectively on the TSX. The trading price as at November 30, 2024 of Class I Preferred shares and Class II Preferred share was \$5.10 and \$5.10 respectively (November 30, 2023-\$4.95 and \$4.99 respectively). The Preferred shares of both classes have been presented as liabilities in the financial statements.

Class I and Class II Preferred shares may be surrendered at any time for retraction at specified retraction amounts, but will be retracted only on the last business day of each month. Shareholders who concurrently retract a Class I Preferred share, a Class II Preferred share and a Capital share (together, a "unit") in the month of October in each year will be entitled to receive an amount equal to the net asset value per unit calculated on the last business day of October. Class I and Class II Preferred shares retracted in any other month will receive a retraction price based on a discounted specified retraction formula. Under the terms of a recirculation agreement, the Fund may, but is not obligated to, require the recirculation agent to use its best efforts to find purchasers for any Class I and Class II Preferred shares or Capital shares tendered for retraction. Gains or losses from the redemption of shares, if any, are recorded in gain (loss) on redemptions on the Statements of Comprehensive Income/(Loss).

Capital shares

The Fund is authorized to issue an unlimited number of Capital shares.

Capital shares will participate in any net asset value growth over \$10.00 per unit. The dividend on the Capital shares will be paid when the net asset value per unit exceeds \$15. The dividend rate on the Capital shares at such time will be set by the Board of Directors of the Fund at its discretion, based on market conditions. No dividend payments will be made on the Capital shares unless all dividends on the Class I Preferred shares and, if applicable, Class II Preferred shares have been declared and paid. All Capital shares outstanding on the termination date will be redeemed by the Fund on that date.

Capital shares trade under the symbol "YCM" on the TSX. The trading price of Capital shares on the TSX was \$5.00 as at November 30, 2024 (November 30, 2023-\$0.89). Capital shares may be surrendered at any time for retraction at specified retraction amounts, but will be retracted only on the last business day of each month. Shareholders who concurrently retract a Capital share

and a Class I and Class II Preferred share in the month of October in each year will be entitled to receive an amount equal to the net asset value per unit calculated on the last business day of October. Capital shares retracted in any other month will receive a retraction price based on a discounted specified retraction formula. Under the terms of a recirculation agreement, the Fund may, but is not obligated to, require the recirculation agent to use its best efforts to find purchasers for any Class I and Class II Preferred shares or Capital shares tendered for retraction. Gains or losses from the redemption of shares, if any, are recorded in gain (loss) on redemptions on the Statements of Comprehensive Income/(Loss).

The Class I and Class II Preferred shares rank in priority to the Capital shares with respect to the payment of dividends and upon the winding down of the Fund. Upon the termination of the Fund, Capital shareholders will receive an amount equal to the net asset value per unit less \$10.00 (the redemption value of the Class I and Class II Preferred shares).

7. Expenses

The Fund is responsible for all expenses incurred in connection with the operation and administration of the Fund, including, but not limited to, accounting and administration fees, custodian fees, transfer agent fees, legal and audit expenses, fees payable to the independent directors of the Fund and the Funds's independent review committee, regulatory filing and stock exchange fees, costs of reporting to shareholders and costs and expenses arising as a result of complying with all applicable laws, regulations and policies.

Pursuant to the management agreement, Quadravest is entitled to an administration fee payable monthly in arrears at an annual rate of 0.10% of the net asset value of the Fund, which includes the outstanding Class I and Class II Preferred shares, calculated as at each month-end valuation date.

Pursuant to the terms of the investment management agreement, Quadravest is entitled to a base management fee payable in arrears at an annual rate equal to 0.45% of the net asset value of the Fund, which includes the outstanding Class I and Class II Preferred shares, calculated as at each month-end valuation date.

In addition, the monthly discount to net asset value of 3% applicable to redemptions of Preferred shares and Capital shares is paid to Quadravest. Redemption fees paid for the year ending November 30, 2024 were \$NIL (November 30, 2023-\$NIL).

Total management fees of \$64,023 (November 30, 2023-\$53,829) incurred during the year ended November 30, 2024, include the administration fee and base management fee. As at November 30, 2024, \$6,208 (November 30, 2023-\$4,276) was payable to the Manager with respect to the administration fee and investment management fee.

The brokerage commissions paid during the year ended November 30, 2024 by the Fund for its portfolio transactions were \$7,353 (November 30, 2023-\$8,963). Brokerage commissions paid to certain brokers may, in addition to paying for the cost of brokerage services in respect of portfolio transactions, also provide for the cost of investment research services provided to the investment manager. The value of such research services included in commissions paid to brokers for the year ended November 30, 2024 amounted to \$NIL (November 30, 2023-\$137).

For the year ended November 30, 2024, fees paid or payable to PricewaterhouseCoopers LLP and other PwC Network firms for the audit of the financial statements of the Fund were \$20,488. Fees for other services were \$1,564.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED NOVEMBER 30, 2024 AND 2023

8. Increase (decrease) in net assets attributable to holders per redeemable Capital share

The increase (decrease) in net assets attributable to holders per redeemable Capital share for the years ended November 30, 2024 and 2023 is calculated as follows:

	2024	2023
Increase (decrease) in net assets attributable to holders of redeemable Capital shares	\$4,181,213	(\$1,606,686)
Weighted average Capital shares outstanding	896,532	896,532
Increase (decrease) in net assets attributable to holders per redeemable Capital share	\$4.66	(\$1.79)

9. Distributions

Distributions per share were as follows:

	November 30, 2024	November 30, 2023
Class I Preferred shares	\$0.30	\$0.30
Class II Preferred shares	\$0.3750	\$0.3438
Capital shares	\$0.05	\$-

10. Capital Management

The Fund considers its capital to consist of Capital, Class I Preferred and Class II Preferred shares.

The Fund's objectives in managing its capital are:

- i) to provide holders of Class I Preferred shares with fixed cumulative preferential monthly cash dividends in an amount of \$0.025 per Class I Preferred share to yield 6.00% per annum on the \$5.00 Class I Preferred share repayment amount and to return \$5.00 per share to their holders on the termination date; and
- ii) to provide holders of Class II Preferred shares with monthly cash dividends of \$0.03125 per Class II Preferred share to yield 7.50% on the \$5.00 Class II Preferred share repayment amount when the net asset value per unit exceed \$10.00 and having a repayment objective on the termination date of \$5.00; and
- iii) to provide holders of Capital shares with growth above the value of the Preferred shares and to provide holders of Capital shares with dividends in an amount to be set by the Board of Directors at its discretion, based on market conditions, when the net asset value per unit exceeds \$15.00.

In order to manage its capital structure, the Fund may adjust the amount of dividends paid to shareholders or return capital to shareholders.

11. Reconciliation of net asset value per Capital share to net assets attributable to holders per redeemable Capital share

As at November 30, 2024 and November 30, 2023, there were no differences between net asset value per Capital share used for transactional purposes and net assets attributable to holders per redeemable Capital share for financial reporting purposes.

NEW COMMERCE SPLIT FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED NOVEMBER 30, 2024 AND 2023

12. New IFRS Accounting Standard

In April 2024, the International Accounting Standards Board issued IFRS 18, "Presentation and Disclosure in the Financial Statements" which aims to improve the quality of financial reporting by introducing new requirements which include new required categories and subtotals in the statement of comprehensive income and enhanced guidance on grouping of information. IFRS 18 replaces IAS 1, "Presentation of Financial Statements". This standard is effective for annual periods beginning on or after January 1, 2027, with early adoption permitted. The Fund is currently assessing the impact of these new requirements.

13. Subsequent event

Pursuant to the special retraction right in connection with the extension of the termination date of the Fund, the Fund redeemed 61,250 Class I Preferred shares, 8,900 Class II Preferred shares and 78,200 Capital shares and made retraction payments of \$306,250, \$44,500 and \$415,242, respectively, to each class of shares on December 16, 2024.

QUADRAVEST CAPITAL MANAGEMENT INC.

Quadravest Capital Management Inc. was formed in 1997 and is focused on the creation and management of enhanced yield products for retail investors. The investment strategy combines fundamental based equity investing with covered call writing. Guided by four key principles, Quadravest sets attainable investment objectives that allow the team to stay focused on a long-term investment strategy.

The four principles – innovation in financial products, discipline in investment management, solid results for investors, and excellence in client service – form the foundation of Quadravest. Each member of the firm’s tight-knit team is committed to upholding these principles, ensuring a coherence and dedication that is unique to the Fund.

Quadravest has raised over \$2.5 billion in initial public offerings.
